BON TON TOYS MANIFESTO

Saving the planet.
Clearly the responsibility of
superheroes and caped crusaders.
— Surely not of the people.
And definitely not of plush manufacturers.

Yet here we are.

Soft-toy producers on a mission.
A mission to bring children happiness,
protect their future
and educate them about
the world we're out to preserve.

Long before climate change was real,
and sustainability was even a word,
we were putting smiles on faces.
With premium plush animals,
made with the highest regard for nature.
It's the ways of our past that make us
fit to fight for our future.

Almost 90 years down the road,
we still do what we can.
And every day we strive to do more.
Because you don't need superpowers
to make a difference.

**BON TON TOYS
GREAT PLUSH. BETTER WORLD**

We scored 29.1 above B Corp entry mark

WAAAAAY above the 80-point certification average and most B Corp companies. The B Corp label is a certification companies can earn based on their social, environmental and accountability efforts. Prioritising not just financial gain, but the well-being of people and planet as well.

1% is the least we can do

We're proud to say that from this year, we are a certified 1% For The Planet Member. 1% For The Planet is a global network of companies that pledge to donate at least 1% of their annual sales to environment organisations. A percentage we tripled last year! We may not be Patagonia just yet, but we're proud to be doing our part.

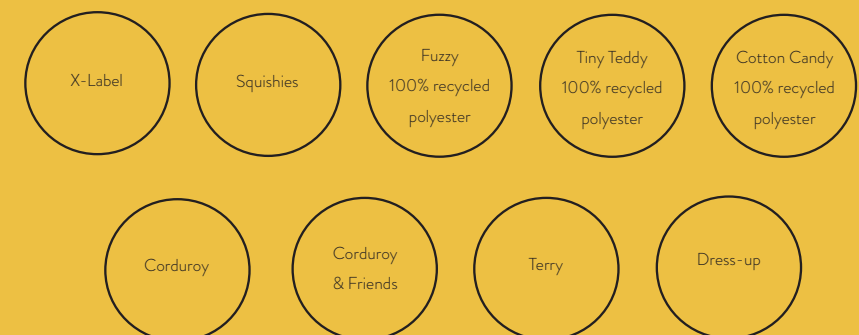

When it comes to our Miffy collection, we hope it always feels like visiting a candy store. She comes in so many wonderful different textures and colors, you can't get enough! We're certain her image and legacy will live on for generations of plush lovers.

We've created a new, classy and sassy collection to join our existing lovelies. Inspired by Miffy's little nose, we call this new Miffy collection;
